

# OXETAL ID 104

## Wetting agent

### Chemical composition

Fatty alcohol with 4 moles EO

Appearance: colourless to slightly yellowish, turbid liquid  
Ionic character: nonionic

### Typical data

Active ingredient: 100 %  
HLB value: 10.5  
Solubility: dispersible in water

### Application

OXETAL ID 104 is used in washing, wetting, rinsing and cleaning agents as well as auxiliary products for textile, leather and paper industries.  
OXETAL ID 104 is an extraordinarily good wetting agent, active over a wide temperature range.

### Storage

Storage at low temperatures may cause turbidity or solidification which can be removed by gentle heating.
