

ZSCHIMMER & SCHWARZ

HERE YOU ARE
IN YOUR
ELEMENT

We are looking for candidates to join our 12-month on-the-job training programme for

System managers (gn*) (IT infrastructure)

Our on-the-job training programme is planned to feature external training as well as learning by doing through participation in IT infrastructure projects and everyday support from the first day. After successfully passing the on-the-job training programme, you will join the Department of Information Technology of Zschimmer & Schwarz as a full-time expert with a permanent work contract.

Your tasks:

- ▼ Installation, administration and monitoring of hardware and software systems at the Zschimmer & Schwarz headquarters in Lahnstein (Germany) as well as on an international scale within the Zschimmer & Schwarz Group
- ▼ Collaboration in planning as well as on roll-out and optimisation of standardised IT infrastructure and IT management processes
- ▼ Project management in the field, user trainings and documentation

The technological platform of Zschimmer & Schwarz includes, among others:

- ▼ Microsoft Backbone, Active Directory, Windows Server Landscape
- ▼ Microsoft Exchange and MS Office 365
- ▼ Virtual Data Center (VM Ware), Storage Systems
- ▼ Automatic Software Distribution
- ▼ LAN and WAN networks based on Cisco Switches and Firewalls
- ▼ IT security environment featuring Sophos, Palo Alto, McAfee, TrendMicro

Your profile:

- ▼ Young IT professional, preferably with at least a B.Sc. degree in computer science or a related field
- ▼ High motivation to contribute to pervasive automation and digitalisation within a globally operating group
- ▼ Enthusiasm about advanced IT technology and working in a team of top performers
- ▼ Openness and willingness to work collaboratively in a team
- ▼ Very good English language skills

Our promise:

- ▼ A diversified work environment in which you can implement your ideas autonomously
- ▼ Independent and autonomous work
- ▼ An attractive package of pay, security and prospects in a successful and traditional family business
- ▼ An additional occupational pensions and health management system that supports your work-life balance
- ▼ An open corporate culture with flat hierarchies and the open structures of a medium-sized, internationally operating company

We look forward to receiving your application.

In chemistry ...

the mixture makes the difference. Zschimmer & Schwarz unites the values of a medium-sized family business with the ambitions of a globally operating chemical company. We are shaped by a company history of 125 years as well as by our responsibility for 1,300 employees at 28 subsidiaries in 15 countries on five continents and customers from a wide range of industries. As a manufacturer of tailor-made chemical specialities, we are faithful to tradition and committed to innovation.
