

FIBER & TEXTILE AUXILIARIES

ANTHYDRIN CFC

Powerful PFAS-free water repellency

ZSCHIMMER & SCHWARZ

ANTHYDRIN CFC

Powerful PFAS-free water repellency

ANTHYDRIN CFC is an environmentally friendly water repellent for all kinds of fabrics. It was especially developed to meet the requirements of eliminating PFOS and PFOA as critical substances while showing a very good water repellency as well as washing resistance combined with a soft handle.

FIELDS OF APPLICATION

- ▶ Outdoor fabrics
- ▶ Sportswear
- ▶ Backpacks
- ▶ Shoe materials

BENEFITS

- ▶ Fluorine- and silicone-free
- ▶ Reduces carbon footprint
- ▶ Excellent Bundesmann performance
- ▶ High abrasion resistance
- ▶ Resistant to dry cleaning
- ▶ Breathable

SPRAY RATING AATCC 22

High wash permanence together with crosslinking agent POLAPPRET VIB
