

ZSC

Profile:

Established in 2005, Zschimmer&Schwarz Chemical (China) Co.,Ltd (ZSC) is a manufacturer and trader specialized in production and trading the ceramic auxiliaries, fiber and textile auxiliaries, leather auxiliaries, industrial specialities and lubricants in China.

We are located in Foshan City, which is known as the ceramics capital of South China, covering 30000 square meters and we taking advantages of this excellent location to get closer to our customers.

Our team consists of 39 employees, including the Production Department, R&D Department, Import and Export Department, Finance Department, Sales Department and General Office.

Future Goals

Increase investment in product research and development, and promote the localization process of products. A new lab is under planning and new blood is boiling. By localizing our products to meet more diverse customer needs, we aim to expand the sales share of our products in Chinese chemical market.
